

Family Ties

BIRTHING CENTER

NICU SERVICES

Coliseum Medical Center's maternity services include: family-centered childbirth, 24-hour anesthesia coverage, prenatal education classes, sibling classes, modern diagnostic equipment, expert medical and nursing staffs, a staff neonatologist and a well-equipped neonatal intensive care unit. The care provided is family-focused and designed to meet individual family needs.

Neonatal Intensive Care Unit

There are times when infants require intensive care nursing services. Although families may not be prepared for this situation, we are. We provide a **Level III NICU** with board certified neonatologists to care for infants. This 13 bed NICU unit employs nursery staff trained to help families who go through this experience.

NICU Services Available

- Transport team available 24 hours to pick up critical and sick babies from other hospitals
- Neonatology coverage 24 hours a day
- Developmental care philosophy utilized
- Lactation consultants on staff to help with breast feeding
- Support services including cardiac, radiology, speech and physical therapy
- Hearing screens
- Trained nursing and respiratory staff to care for the smallest infants

NICU Medical Staff

Dr. Mitch Rodriguez has worked at the Family Ties Birthing Center for more than 15 years. He is board certified in neonatology and specializes in the care of premature and sick newborns. Dr. Rodriguez trained at the Medical College of Georgia in Augusta, Georgia.

Dr. Anjali Parish has worked at the Family Ties Birthing Center since Fall of 2010. She is board certified in neonatology and specializes in the care of premature and sick newborns. Dr. Parish trained at the Medical College of Georgia in Augusta, Georgia.
