PANEL OF PHYSICIANS

A Sensitive Environment

To make you feel more comfortable, our Cancer Center Director is a certified oncology nurse as well as a certified oncology nurse navigator. The nurse will help you to understand your treatment options and provide emotional support to you and your family before, during and after treatment.

Multidisciplinary Panel of Physicians

Our physician panel, available to review your case and recommend treatment options, consists of Board Certified physicians in:

- Urology
- Medical Oncology
- Pathology
- Primary Care Specialists
- Radiology
- Radiation Oncology
- Surgery

When You Need Reassurance

A very important service of the Coliseum Prostate Cancer Center is to provide educational and emotional support. You will find compassionate and knowledgeable professionals to help you with your questions and concerns. UsToo, an international prostate cancer support group meets at the Cancer Center and is led by a local urologist. The nurse is also available to talk with loved ones to help them understand your treatment regimen and to answer their questions and concerns. Through personal consultation, videos, computer-aided instruction and a lending library, you can access the latest information on prostate health, treatment procedures and care options.

The Coliseum Cancer Program is accredited by the American College of Surgeon's Commission on Cancer (ACoS CoC).
